

THE WORKS

WISDOM • OPTIMISM • RESILIENCE • KINDNESS • SERVICE

Mr Wall, Deputy Head

Our theme for last week was resilience and could there be a more apt topic for our current times. Yet despite the difficulties it has been fantastic to be out and about this week seeing students engaging in their learning, asking questions, trying new things and supporting each other. One of the great privileges of working at the Minster School is seeing the fantastic work that students produce. This week I have seen incredible artists paint, listened to passionate debates on politics and religion, seen wonderful problem solving skills at work in Maths and Science not to mention acts of genuine kindness and service on a daily basis. Truly 'Succeeding Together'.

NEWS

EUROPEAN DAY OF LANGUAGES

In the week beginning 20th September, we celebrated the European Day of Languages which takes place every year. To celebrate linguist diversity, students learnt about animal sounds in different languages during their act of worship. The aim was to understand that there are many different perspectives across countries, cultures and languages across the world and that it is important to understand that our way is not the only possible way of looking at and understanding the world.

This year the languages department also ran a 'Guess the language competition' where tutor groups were shown the names of 30 languages in the actual language. Congratulations to 10CR4 who got an amazing score of 28/30 correct. In second place with 25 correct answers came the Welbeck students from 11TW2 and third place went to 9CR3 with 25 correct answers. Well done! You really seem to know your languages.

Thanks to all other tutor groups for taking part. For the house cup, we added up the scores for each house which meant that Clumber came first, Rufford second, Welbeck in third and Thoresby in fourth place.

THOUGHT FOR THE WEEK KINDNESS

"My commandment is this: love one another, just as I love you." John 15:12

Loving God, fill my heart with the love that you freely give. Make love my first and last thoughts. May I love others and freely give to them. Make my spirit a spirit of joy, happiness, and love for both my friends and my enemies. Help me love as abundantly as you have loved me.
Amen.

Well done to the following Year 10 and Year 11 students who have impressed their MFL teacher so far this term. Keep up the great work!

YEAR 13 GEOGRAPHY FIELDWORK

On Friday 25th September, the Geography Department supported Year 13 on their NEA independent fieldwork projects. Students have devised their own unique lines of enquiry, created their own forms of data collection and identified specific field sites, all based on an area of the course that they had a personal passion for. Topics ranged from carbon source studies in Sherwood Pines, evaluating representations of places and exploring reasons for social inequalities in contrasting locations. The students were such a delightful, enthusiastic and hardworking bunch; a pleasure to spend the day with.

MFL SUMMER CHALLENGE

Over the summer, students were given several optional challenges for MFL, which included things like listening to foreign radio, watching a film in a foreign language and looking up a blog in the language being studied. This was part of the Routes into Languages Summer Immersion Challenge. Well done to the following students who completed many of these challenges.

William – French Gold
Sofia – Spanish Silver
Ella – Spanish Bronze

CO-OP FUNDING... ACT NOW!

It's even easier to pick The Minster School to benefit from Co-op funding. Download the Co-op app from the Playstore or here: <https://coop.uk/3cSPzcr> - there's a free bar of chocolate to say thanks. Select 'membership' from the bottom bar and pick 'skills' in the filter - our school will be in the list. But hurry, there are **only four weeks left**, and there's at least £15k up for grabs. Our cause can also be found here: <https://membership.coop.co.uk/causes/36361>

YEAR 9 TENNIS

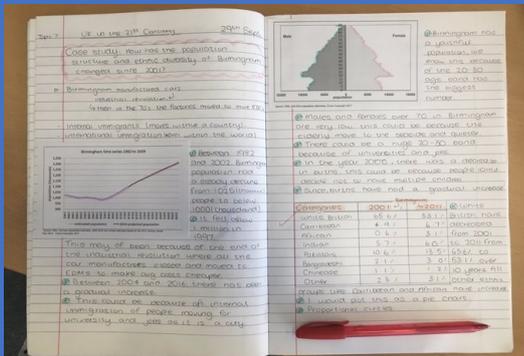

Hoping to make the summer last a little longer with Tennis in PE.

YEAR 8 SPANISH

Fantastic Spanish work spotted in the Year 8 bubble. ¡Trabajo fantástico!

YEAR 11 GEOGRAPHY

Wow, an impressive investigation by Year 11 into how the population of Birmingham has changed in recent years.

YEAR 7 LIBRARY LESSON

Silent reading in a library lesson for Year 7. Great to see all the books being used again.

YEAR 10 FOOD & NUTRITION

Year 10s have been creating a broad range of protein based dishes at home. Continually building on their knowledge and skills in and outside the classroom. A really tasty looking treat.

ART

An amazing drawing of a human eye by Amber. It is always a privilege to see how talented our students are.
